

Winterthur Brown Bag Talk

• Brought to you by the Academic Programs Department •

Join us on September 21st for digital project presentations from Summer Institute!

This year's Summer Institute class used an entry from a Wilmington Fire Insurance ledger in the Downs Collection to envision their own digital history projects, bringing the history of Wilmington to life for a public audience. Come hear what projects they have developed from local source material!

Presentations will be in the Rotunda, 2-3pm
